

PRODUCT AVAILABILITY

Most products for the protection against the COVID-19 virus are now readily available.

Certain products are still very challenging to find, those being name brand sanitizers and wipes. We have many other brands that work equally as well and are readily available at comparable prices.

Due to local production and higher imports of masks, prices have come down.

Gloves and thermometers that continue to be produced overseas, have shown price increases which will probably continue for the rest of 2020.

Please call for product availability. We will deliver whatever you need. We encourage everyone to shop in person **ONLY** for necessary items. **Stay Home. Stay Healthy. Stay Safe.**
